ADVOCATES & SOLICITORS

I have had the privilege of working under Mr. Sanjay Jain, Senior Advocate, since the beginning of my career.

He is extremely hands on, welcoming, approachable and benevolent towards his associates.

Each associate is encouraged to apply their minds and freely express their views, thereby enabling their growth and boosting their confidence. Associates are also exposed to varied areas of law involving several industries.

I have also had an extremely smooth, rewarding and enriching experience whilst briefing Mr. Jain for various matters. His timely, solution and result oriented approach and expertise has resulted in successful outcomes for various complex and high-stake disputes.

Additionally, his ability to breakdown complicated factual and legal aspects in simple terms helps the concerned court/tribunal to get an overview of the matter, and also benefits briefing counsels as well as other lawyers.
